7:00pm

Horseshoe Pond Community Room
26 Commercial Street
Concord, NH 03301

Agenda

7:00 *Speaker: Russ Thibeault, President Applied Economic Research*

New Hampshire's Changing Development Landscape

New Hampshire is growing much slower and much older than in prior decades. What are the new realities of the State's growth patterns and how can local communities adapt? Do our ordinances, developed during go-go growth eras fit this new reality? How are some of our communities adapting?

Russ Thibeault is the president of Applied Economic Research, a consulting firm he founded in Laconia in 1976, after a four-year stint with a Washington-based national economic consulting firm. Russ provides economic and real estate consulting services to public and private clients including banks, developers, local and state government agencies.
